

DRAFT 2012 NO₂ Network Plan response letter language-

With this letter, EPA is approving the State of [state] Annual Monitoring Network Plan with the exception of NCore, PAMS, STN, and the plan for NO₂ monitoring. Per 40 CFR 58.11(c), NCore, PAMS, and STN network design and changes are subject to approval of the EPA Administrator, and per 40 CFR 58.10(a)(5), plans for establishing NO₂ monitoring sites are submitted to the EPA Administrator for action. In addition, EPA is withholding approval of [Regions may insert other components of the annual monitoring network plan here that the Regional Administrator IS authorized to act on and that they are NOT approving]. We have enclosed comments that would allow for approval of the remaining portions of the network plan that have not been approved with this letter.
